MAXLINER

MAXLINER

Maxliner is a legendary and Thailand's No.1 best-selling pickup truck bedliner since 1991. The stylish look, quality, value, and legendary toughness of Maxliner products have consistently ranked top in customers' satisfaction.

Maxliner Accessories are manufactured and tested to meet all expectations with the highest OEM and IATF 16949 standards. We are dedicated and committed to delivering the best products and the highest value to customers worldwide.

MAXLINER

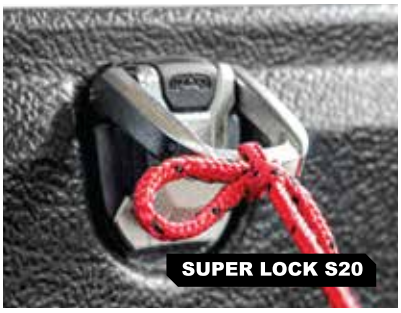

UNDER RAIL

The MAXLINER Under Rail (UR) is the sleekest protection solution for your Toyota Hilux Travo 2026. It provides a clean, factory-integrated look while offering total flexibility to install additional accessories like VENTURE Canopy, MAXTOP 4, and MAXRAX.

- Sits below the bed rail to allow for easy installation of other truck bed accessories.
- Features an Under Rail (UR) tailgate liner for a smooth and clean appearance at the rear of your truck.
- Precision-molded specifically for the Hilux Travo 2026 to ensure a perfect, gap-free, and secure installation.
- High-impact, UV-resistant material with a no-drill installation that preserves your vehicle's body and paint.

MAXRAIL CAP

Ultimate side rail protection meets seamless styling to safeguard your truck bed edges.

- Built from ultra-durable, heavy-duty bedliner-grade polymer.
- Shields truck bed rails from scratches and dents during loading.
- Perfectly complements existing bedliners for complete edge coverage.

MAXLINER

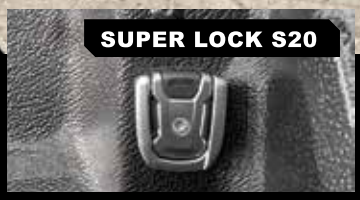

OVER RAIL

The MAXLINER Over Rail (OR) provides the ultimate shield for your Toyota Hilux Travo 2026. Engineered for maximum coverage, it protects both the inner bed and top rails, ensuring your truck remains pristine even under the toughest loading conditions.

- Wraps over the bed rails to prevent scratches and dents during side loading.
- Includes a matching Over Rail Tailgate cover for complete rear-end protection.
- Specifically designed for the Hilux Travo 2026 for a seamless, factory-like appearance.
- High-density, impact-resistant material that withstands UV rays and heavy chemicals.
- Quick and easy setup that preserves your truck's body without the need for drilling.

MAXFRAMEGUARD

Ultimate protection meets premium styling. Upgrade and safeguard your original frame guard with the ultra-durable MAXFRAMEGUARD.

- Built from ultra-durable engineered polymer.
- Protects against scratches, impacts, and corrosion.
- Delivers a seamless, rugged truck appearance.
- Equipped with a built-in third brake light.
- Designed to fit existing bedliners.
- Quick setup with no drilling required.

MAXLINER (OVER RAIL)
FOR J-DECK

Designed for J-Deck trucks with external rails. It seamlessly fits the factory frame guard for complete, rugged protection.

- Fits factory frame guards and pairs with MAXFRAMEGUARD.
- Shields against impacts and scratches with no modifications.
- Quick, hassle-free installation without drilling.

REAR TAILGATE SPOILER

Designed exclusively to fit the UR model, this custom rear tailgate spoiler wraps around the rail to shield the truck bed edge from daily wear while elevating the rear profile. Engineered to integrate seamlessly with the UR bedliner, it delivers a clean, unified finish across the truck bed.

- **Tailgate Edge Protection:** Covers and guards the vulnerable tailgate rail against scratches, dents, and heavy impact.
- **Custom Fit for UR Bedliner:** Precision-engineered to fit the UR model and integrate seamlessly with the UR bedliner for a clean, unified look.
- **Sleek & Stylish Upgrade:** Delivers a polished, modern look that enhances the overall aesthetic of your truck's rear end.

MAXLINER KD
(KNOCKED DOWN)

The MAXLINER KD is a premium 5-piece under-rail bedliner designed for maximum truck bed protection. Featuring a unique interlocking design, it ensures a precise fit while optimizing cargo space with a non-skid floor and compact, DIY-friendly packaging.

- Comprehensive truck bed protection against scratches and impacts.
- Unique five-piece interlocking design for a precise, secure fit.
- Non-skid floor surface to keep your cargo stable while driving.
- Lightweight and high-durability material built for long-lasting use.
- Advanced UV resistance for superior protection against sunlight.
- Compact carton packaging for easy shipping and quick DIY assembly.

Experience the benefits of our MAXLINER KD bedliner, crafted from high-density material that combines lightweight construction with exceptional durability. It is the ultimate choice for pickup beds.

VENTURE COMMERCIAL

The VENTURE COMMERCIAL is the ultimate high-security canopy for the Toyota Hilux Travo 2026. Designed for business and secure transport, it replaces side windows with solid, high-impact ABS panels for maximum privacy. While the sides provide total cargo protection, the rear maintains a premium look with a tempered glass tailgate and a fully integrated electrical opening system.

- High-security solid side panels for enhanced privacy and added protection against break-ins.
- Convenient electrical rear access via car remote or the integrated E-switch system.
- Reinforced internal steel frame provides maximum strength for heavy-duty use.
- Smooth, solid exterior surfaces are perfect for professional company decals and branding.
- Signature water seal system and no-drill installation for long-term durability.

MAXCOVER

TWO MODELS ARE AVAILABLE : MAXCOVER 45 AND MAXCOVER 180.

These state-of-the-art hard covers boast a design that exudes strength. Crafted using composite materials and advanced technology, they provide ultimate protection against weather conditions while ensuring security through a center lock system.

- Opening at 45 or 180 degree angles.
- Water defense system protects and keeps goods dry.
- Anti-Moving System locks the cover in position for safety while driving at speeds up to 60 km/h.
- Semi-automatic gas strut without electrical wiring.
- Available in color-matched finishes or textured black design.
- Center key-lock and double rotary system ensure security and convenience.
- No-drill installation for a hassle-free setup.

Premium color-matched finish that blends seamlessly with your truck's original body paint.

Maximizes bed capacity, allowing you to accommodate your essential travel cargo.

MAXCOVER 45

MAXCOVER 180

MAXCOVER TEXTURE

MAXCOVER TEXTURE seamlessly blends style and durability to enhance your pickup truck's visual appeal. Designed with a sporty aesthetic, it also provides outstanding storage capacity within the truck bed, offering flexibility with options to open the cover to 45 or 180 degrees.

- Crafted from composite materials using cutting-edge technology.
- Securely locks in place at a 180-degree angle aided by the Anti-Moving System.
- Features a lift assist system and pull strap for easy closure.
- Enhances aerodynamics and overall truck aesthetics.
- Equipped with a weatherproof rubber seal to shield cargo from extreme conditions.

Complements the truck's aesthetics while delivering smart, multi-position utility.

Advanced rugged texture surface with superior sealing to protect your cargo from the elements.

Designed for effortless loading and unloading with smooth operation.

Heavy-duty internal engineering built for long-lasting strength and durability.

MAXSTYLISH BAR (3-PIECE SET)

The 3-piece set is specifically engineered to elevate your pickup's cabin line with a sleek, athletic accent. Crafted from a robust combination of lightweight ABS and premium metal mesh accents, it offers the perfect balance of rugged structure and refined styling for everyday driving.

- **Cabin-Accent Profile:** Enhances the roofline with a modern, sporty appearance.
- **ABS & Metal Mesh Hybrid:** A rugged blend of lightweight ABS structure and precision-crafted metal mesh panels secured with exposed bolts for a bold, industrial edge.
- **Easy & Secure Mounting:** Engineered for smooth, reliable installation and stable fitment.
- **Factory-Look Integration:** Crafted to align naturally with original vehicle contours.

MAXSTYLISH BAR (5-PIECE SET)

The 5-piece set extends seamlessly along the side bed rails to create a bold, aggressive truck posture. Built from tough, premium ABS, it combines extended side-profile coverage with a commanding visual presence that completely transforms your vehicle.

- **Full-Length Bed Extension:** Adds side rail coverage for a complete, rugged silhouette.
- **Long-Lasting ABS Quality:** Highly resilient material that withstands daily exposure without warping.
- **Enhanced Visual Depth:** Adds dimensional styling and premium flair to the truck profile.
- **Seamless Fitment:** Tailored to integrate smoothly with original bed rail dimensions.

MAXCOVER WITH MAXSTYLISH BAR

The ultimate integration of premium bed security and bold aerodynamics. This exclusive set pairs our high-durability MAXCOVER seamlessly with the rugged MAXSTYLISH BAR, delivering an unbeatable stance for your truck.

- **Factory-Matched Set:** Designed and engineered together as a complete system for flawless integration.
- **Flexible Opening Options:** Available in both 45-degree and 180-degree opening configurations to fit your lifestyle.
- **Superior Cargo Protection:** Secure, weatherproof hard tonneau design keeps your gear safe in any condition.
- **Aero Styling:** Enhances the vehicle profile with high-durability styling bars.

MAXCOVER 45

MAXCOVER 180

MAXROLLER SHUTTER

Engineered from premium black powder-coated aluminum for maximum strength and security. Features high-precision automated operation for ultimate versatility on every journey.

- **5-Way Smart Control:** Operates via factory remote, dedicated remote, cabin switch, tail button, and smartphone app.
- **All-Weather Sealing:** High-grade rubber seals protect your truck bed from water and debris.
- **Anti-Pinch Safety:** Auto-stop sensor halts movement instantly upon detecting obstacles.
- **Smart LED Lighting:** 3-level adjustable light syncs automatically with the shutter.
- **No-Drill Installation:** Mounts securely without drilling into the vehicle's bodywork.

MAXROLLER SHUTTER WITH MAXSTYLISH BAR (5-PIECE SET)

Smart cargo security meets aggressive styling. This integrated set pairs the electric roller shutter seamlessly with the aerodynamic MAXSTYLISH BAR.

- **Complete Combo:** Engineered to fit and function together perfectly.
- **Full Automation:** 5-way smart control with all-weather bed protection.
- **Aero Styling:** Enhances the truck's profile with high-durability bars.

MAXBUMPER GUARD

Elevate your truck's front-end presence with the robust MAXBUMPER GUARD. Designed to provide substantial front protection while making a bold statement, it delivers a powerful, rugged aesthetic that commands attention on any road.

- **Full Front Protection:** Engineered to shield the front bumper from daily wear and minor impacts.
- **Aggressive Styling:** Instantly transforms your truck with a bold, muscular, and commanding look.
- **Custom Integration:** Precision-molded to fit your vehicle's front contours seamlessly and securely.

MAXFRONT GARNISH

Enhance your truck's front profile with this stylish accessory. Designed specifically to elevate the front aesthetics, it delivers a sleek and modern look that makes a bold statement on the road while adding a refined touch to your vehicle's exterior.

- **Bold Front Styling:** Instantly upgrades the front end with a sharp and aggressive look.
- **Custom Fit:** Precision-engineered to seamlessly match your vehicle's contours.
- **Sleek & Sophisticated Finish:** Delivers a high-end, premium aesthetic that stands out on any road.

MAXFENDER FLARES

Upgrade your truck's profile with MAXFENDER FLARES. Designed for wide wheel and tire setups, they deliver an aggressive off-road stance while protecting the body from trail debris and stone chips. Precision-molded for an exact fit on the Toyota Hilux Travo 2026, available in both a rugged TEXTURED BLACK and a sleek COLOR-MATCHED finish.

MAXTAILGATE LIFT

Make opening and closing your truck bed effortless with the premium Tailgate Lift. Designed to provide a smooth, controlled motion, this accessory significantly reduces tailgate weight, allowing for safe, one-handed operation while preventing sudden drops.

- **Effortless Operation:** Dramatically reduces the effort required to lift and lower the tailgate.
- **Balanced & Controlled Motion:** Ensures the tailgate lowers smoothly and steadily without dropping abruptly.
- **Durable Construction:** Built with high-quality, corrosion-resistant materials for long-lasting reliability.
- **Custom Fit:** Precision-engineered for seamless installation and a factory-matched look on your vehicle.

MAXROLL BAR

Enhance your truck's rugged profile and utility. The MAXROLL BAR is engineered from high-grade stainless-steel for maximum strength, durability, and corrosion resistance on every adventure.

- **Heavy-Duty Construction:** Built from premium stainless-steel tubing for ultimate toughness and load support.
- **Finish Options:** Available in a Stainless-Steel finish or a rugged Black Powder-Coated stainless style.
- **Vehicle-Specific Fit:** Custom-engineered for a seamless fit on the Toyota Hilux Travo 2026.

MAXROLL BAR WITH MAXROLLER SHUTTER

The ultimate integration of smart cargo security and rugged styling. This factory-matched set combines our high-performance electric roller shutter-engineered from premium black powder-coated aluminum-seamlessly with a heavy-duty stainless-steel roll bar, built specifically for the Toyota Hilux Travo 2026.

- **Electric Roller Security:** High-precision automated operation featuring 5-way smart control, all-weather sealing, and anti-pinch safety.
- **Heavy-Duty Roll Bar:** Built from premium stainless-steel tubing for ultimate toughness.
- **Roll Bar Finish Options:** Available in a polished stainless-steel finish or a rugged Black Powder-Coated stainless style.
- **Seamless Integration:** Factory-designed to fit and function together as a complete system with no-drill installation.

MAXSTEP M2

Elevate your truck's accessibility and style with the MAXSTEP M2 and M3. Crafted as a durable, single-piece design available in two distinct surface styles, it provides a convenient stepping platform while adding a rugged yet sophisticated upgrade to your vehicle's profile.

- **Single-Piece Durability:** Seamless structure molded from high-quality plastic for a clean, rugged look.
- **Two Unique Design Choices:** Available in two distinct designs tailored exclusively for your vehicle to match your style.
- **Effortless Entry:** Provides a reliable stepping platform for easy and convenient vehicle access.

MAXSTEP M3

MAXSTEP ELECTRIC

Experience the perfect blend of style and accessibility with MAXSTEP ELECTRIC. This intelligent side step automatically deploys when doors open and retracts seamlessly when closed, maintaining your vehicle's sleek profile. Engineered with high-strength steel brackets and premium aluminum pedals, it features an advanced obstacle-detection safety system and automatic retraction at speeds over 6 km/h. For ultimate control, manage your side steps directly via our dedicated mobile app, bringing smart technology to every journey.

- Smart App Control via Smartphone
- Anti-Pinch Safety Sensor
- Automatic Speed-Sensing Retraction

MAXSTEP V2

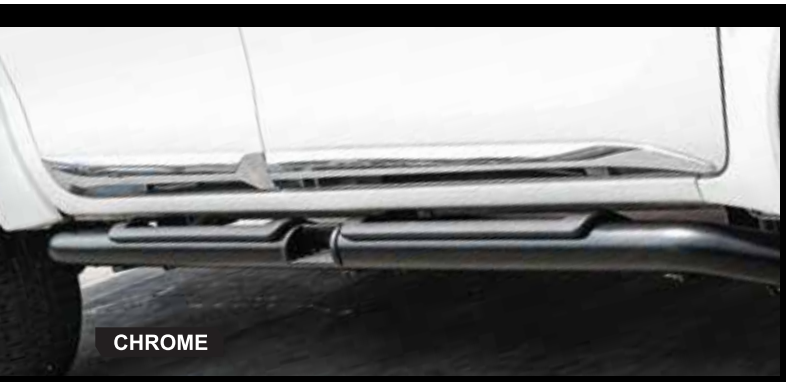

The MAXSTEP V2 brings ultimate versatility to your Toyota Hilux Travo 2026. Built from durable steel with a secure triple-mounting system, this innovative side step features a fixed design to deliver effortless vehicle access in one perfect, DIY-friendly solution.

- Fixed design engineered for straightforward functionality and daily lifestyle use.
- Step areas are designed for convenient, individual front and rear passenger accessibility.
- High-durability steel construction with three mounting points for superior stability.
- Easy DIY fitment design ensures a simple, hassle-free installation.

MAXSIDE MOLDING

It enhances the appearance of your car while significantly reducing the risk of door scratches, making it both practical and eye-catching. MAXSIDE MOLDING is easy to install and does not require any drilling. Available in Paino Black and Chrome, its precision-molded contour matches your vehicle's body lines seamlessly using high-grade, impact-resistant materials.

MAXRAX

MAXRAX LIGHT

MAXLOAD STOP
Engineered to provide versatile tie-down and securing options for overhead cargo.

MAXRAX MEDIUM

MAXRAX HEAVY

Maximize your truck's hauling potential with the adjustable, high-grade aluminum MAXRAX system, engineered to adapt perfectly to your specific loading needs.

- **Light:** Everyday utility up to 150 kg.
- **Medium:** Increased requirements up to 250 kg.
- **Heavy:** Professional-grade hauling up to 300 kg.

Discover the ultimate cargo solution with MAXRAX, designed to deliver exceptional strength, flexibility, and reliability for every journey. Whether for daily work or demanding weekend adventures, this system provides the ultimate support for all your transport challenges.

HANGING SIDE BOX

Maximize your vehicle's potential with the HANGING SIDE BOX, exclusively designed for the MAXRAX Heavy Duty system. This specialized storage solution transforms unused side space into a convenient, easy-access compartment. Crafted with a weather-sealed lid and high-impact construction, it ensures your gear remains organized and protected from dust and water on any terrain.

- High-impact construction designed for the toughest outdoor environments.
- Premium rubber-sealed lid protects internal contents from water and dust.
- Robust locking mechanism with a secure key-lock for maximum safety.
- Built-in hangers to keep your gear systematically organized.
- Effortless side access allows you to reach items without entering the truck bed.
- UV-resistant finish prevents fading and deterioration from sun exposure.

Features internal MAXMESH grids with built-in hangers to keep your gear systematically organized and easy to reach.

Effortless side access with a high-durability locking lid designed to withstand the toughest outdoor environments.

MAXRAX PRO

The MAXRAX PRO is the professional choice for those who want maximum utility and a sleek design. Featuring a specialized Low-Profile Design, it sits lower than the vehicle's cab to reduce wind resistance and improve driving stability. Made from high-grade aluminum, it is exceptionally strong and built for the heaviest gear, ensuring a smooth and confident journey on any road.

- Low-Profile Design sits lower to the roofline for better aerodynamics.
- High-grade aluminum construction offers maximum strength and durability.
- Reduces wind noise and improves handling with a lower center of gravity.
- Perfectly fits rooftop tents and heavy gear for professional use.
- Sleek and modern look that blends seamlessly with your vehicle.

MAXSLIDING TRAY

Never climb into your truck bed again with the MAXSLIDING TRAY (EXTENDED). Designed for speed, safety, and convenience, this smart solution brings your gear directly to you.

- **Two-Level Design:** Multi-level sliding for smarter cargo organization.
- **Heavy-Duty Capacity:** Robustly engineered to safely support up to 300 kg.
- **Premium Build:** Made from high-quality, lightweight steel for long-lasting durability.

Ready for any adventure, it keeps your gear organized and within arm's reach.

MAXTRUCK TRAY

Elevate your cargo management with the MAXTRUCK TRAY, designed for effortless loading and unloading from your pickup bed without vehicle modification. Crafted to sit securely right on top of your bedliner, this durable no-drill storage tray supports a load capacity of up to 100 kg. Experience ultimate convenience with the integrated pull strap and safety cables, allowing you to access your gear quickly and securely without ever needing to climb into the truck.

MAXSLIDING TRAY V2

Upgrade your truck bed with the new, extra-strong MAXSLIDING TRAY. It features a single-center handle for easy one-hand operation and safely carries up to 350 kg. This lightweight, easy-to-install tray comes ready with cargo dividers, a hanging rack, and secure hooks to keep your gear in place.

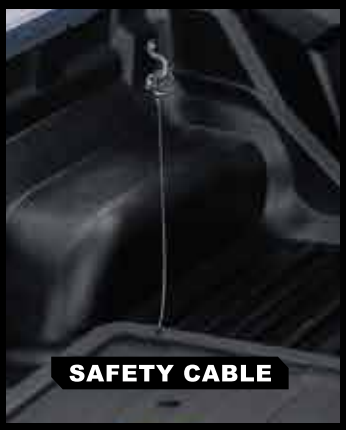

MAXTRUCK TRAY V2

Simplify your cargo space with the new MAXTRUCK TRAY V2. Designed to sit directly on your bedliner, it secures with safety slings for easy pull-out and push-in access. This lightweight yet extra-strong tray holds up to 100 kg, installs instantly, and features a single-center handle for simple one-hand operation. It also comes fully equipped with cargo dividers, a hanging rack, and secure hooks to keep your gear in place.

MAXLINER™
UTILITY BOX

MAXLINER UTILITY BOX
CONCORDE XTRA V2

Combining a sleek appearance with ample storage, the CONCORDE XTRA V2 is the ideal solution for your gear. Featuring a single-lid crossover design, it provides easy access to the entire box, allowing you to organize tools and small parts with removable storage compartments. This durable utility box offers both high security and maximum functionality in one package.

- Secure your goods with the Safety Lock System for peace of mind on every journey.
- Smooth opening and closing mechanisms to protect your valuable items.
- No-drill installation for a quick and hassle-free setup process.
- Built with high-strength blow molding technology for long-lasting durability.

MAXLINER UTILITY BOX
CONCORDE XTRA V

Designed to fit various pickup trucks, including those with a sport bar. Stylish and secure, it offers ample space for your belongings. Easy access with a single lid crossover design and removable compartments for organization. Upgrade your vehicle with CONCORDE XTRA V for extra storage and style.

MAXLINER UTILITY BOX

TRIO

MAXLINER UTILITY BOX TRIO, a multipurpose solution designed with a sleek leather texture for added style. Its versatile design allows it to withstand a wide range of applications, making it perfect for all your organizational needs. It helps reduce clutter, enhances functionality, and provides a neat and organized space for your belongings.

MAXSIDE BOX

The MAXSIDE BOX is a flexible storage solution designed to help you organize and secure your gear within the truck bed. Featuring an internal tray system for added convenience, it offers easy cleaning and minimal maintenance. With its robust lockable design, you can ensure the safety of your belongings using a padlock. Built for long-lasting performance, the MAXSIDE BOX provides maximum durability and peace of mind on every journey.

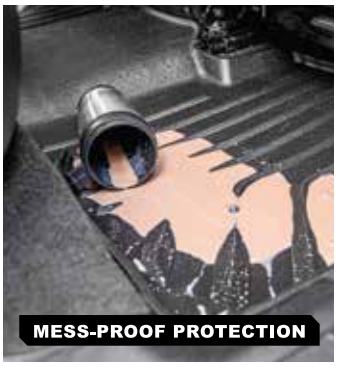

MAXPRO
maxliner

MAXPRO floor liners offer ultimate protection with raised lips to trap spills and dirt before reaching your carpet. Engineered from high-density, durable material for both RHD and LHD vehicles, they resist cracking or warping. Simply rinse with water to restore a factory-fresh look.
