LINER
MAXLINER

MAXLINER

Maxliner is a legendary and Thailand's No.1 best selling pickup truck bedliner since 1991. The stylish look, quality, value, and legendary toughness of Maxliner products have consistently ranked top in customers' satisfaction.

Maxliner Accessories are manufactured and tested to meet all expectations with the highest OEM and IATF16949 standards. We are dedicated and committed to delivering the best products and the highest value to customers worldwide.

MAXLINER
UNDER RAIL

MAXLINER UNDER RAIL

Designed specifically to meet the highest specifications of each vehicle, MAXLINER combines toughness, agility, and extraordinary dependability. It has been tested under the most severe and harsh environments, making it the strongest and most luxurious bedliner ever built.

- Stylish design with world-class quality and durability to handle any load with confidence.
- 100% anti-UV surface for long-lasting protection.
- Quick installation with no drilling required.
- Easy to clean from dust, mud, and chemical residues.
- Retains factory tie-down points.

Experience the ultimate bedliner that surpasses expectations in every way.

MAXLINER
BED MAT

Crafted from the same durable material as our MAXLINER KD, the MAXLINER BED MAT is a non-skid solution tailored to your specific truck configuration. It's suitable for trucks with or without existing bedliners, making it a versatile choice for most popular truck applications.

The MAXLINER BED MAT is designed to protect your cargo and provide an added layer of comfort. It's custom-fit to deflect harmful UV rays, ensuring it won't crack, rust, or break,even in extreme temperatures. Installing this liner is a quick and hassle-free process, taking just a few minutes.

MAXLINER KD
(KNOCKED DOWN)

COMPATIBLE WITH ORIGINAL STANDARD HOOK

Our MAXLINER KD (Knocked Down) 5-piece under-rail bedliner represents the latest innovation in bedliner technology. Designed with a non-skid floor surface, it effectively reduces cargo sliding while driving. The unique five-piece design ensures a precise fit to the truck bed, optimizing the available space. Additionally, the bedliner is conveniently packed in a single box, minimizing the risk of transport damage. It is also exceptionally easy to install, making it an ideal DIY solution.

- Provides excellent truck bed protection against scratches.
- Lightweight and durable polyethylene material.
- Easy assembly with five interlocking pieces.
- 100% anti-UV surface.
- Maintenance-free surface.
- Carton packaging for convenient shipping.

Experience the benefits of our MAXLINER KD bedliner, crafted from high-density polyethylene (HDPE) that combines lightweight construction with exceptional durability. MAXLINER KD is the ultimate choice for pickup bed protection.

MAXTAILGATE LIFT

MAXLINER enhances the comfort of your truck bed with the Tailgate Lift Assist. Experience easy and convenient access with just a single finger.

- Opens and closes the tailgate with ease.
- Reduces 80% of the tailgate's weight.
- High-quality and extensively tested for heavy use.
- Smooth swing down with the included damper system.

MAXCOVER 180

MAXCOVER

TWO MODELS ARE AVAILABLE: MAXCOVER 45 AND MAXCOVER 180.

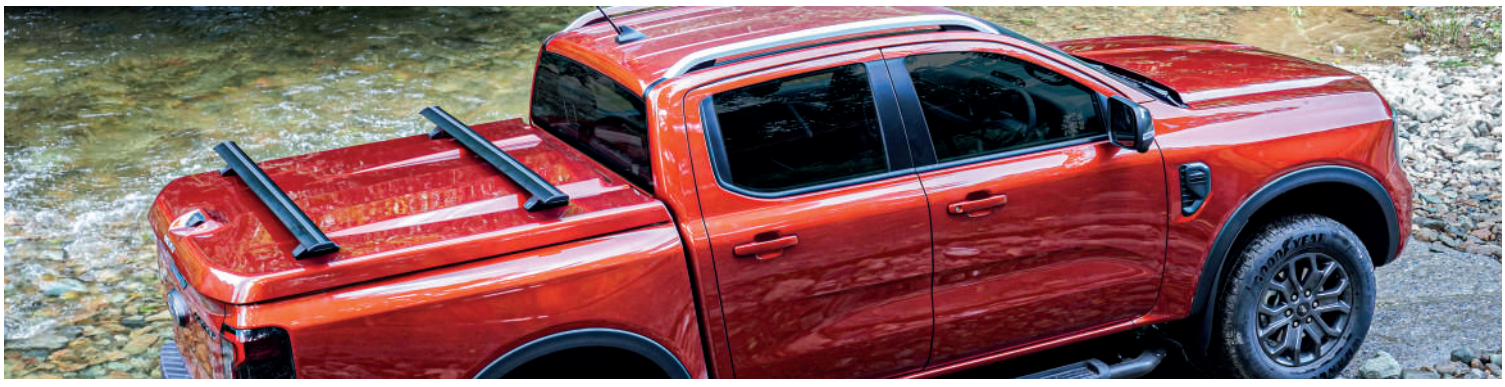

These state-of-the-art hard covers boast a design that exudes strength. Crafted using composite materials and the latest technology, they provide ultimate protection against weather conditions while ensuring security through a center lock system.

- Opening at 45 or 180 degree angles.
- Water defense system protects and keeps goods dry.
- Anti-Moving System provides safety by locking cover in position during opening while driving at speed 60 kilometers per hour.
- Semi-automatic gas strut without electrical wiring.
- Available in color-matched finishes or textured black design.
- Center key-lock and double rotary system that allow security and convenience.
- No drilling necessary for installation.

Upgrade your MAXCOVER with our MAXROLL BAR, Stainless Steel Roll-Bar (available in Shiny or Black) or Roof Rail options, ideal for installing our MAXCROSS BAR.

MAXCOVER TEXTURE

MAXCOVER TEXTURE seamlessly blends style and durability to enhance your pickup truck's visual appeal. Designed with a sporty aesthetic, it also provides outstanding storage capacity within the truck bed, offering flexibility with options to open the cover to 45° or 180°.

- Crafted from composite materials using cutting-edge technology.
- Securely locks in place at a 180-degree angle aided by the Anti-Moving System.
- Features a lift assist system and pull strap for easy closure.
- Enhances aerodynamics and overall truck aesthetics.
- Equipped with a weatherproof rubber seal to shield cargo from extreme conditions.

MAXCOVER FOR STYLISH BAR

Introducing MAXCOVER for Stylish Bar, a remarkable addition to MAXLINER's extensive product lineup. This exceptional product not only offers a wide range of functional features but also enhances the overall aesthetics of your pickup truck. MAXCOVER for Stylish Bar provides a sleek and stylish look that complements your vehicle while delivering outstanding functionality.

Designed for everyday use, MAXCOVER for Stylish Bar offers convenient opening and closing options at 45 or 180 degree angles. It ensures complete coverage, preventing any leakage into the truck bed. The secured safety lock system provides peace of mind, keeping your belongings safe and protected.

Illuminate your truck bed with the built-in LED light, adding brightness and practicality to your cargo area. The pull strap feature simplifies cover closure, making it effortless to use on a daily basis. MAXCOVER for Stylish Bar is designed with utmost attention to detail, ensuring a seamless and appealing integration with your pickup truck.

Elevate the look and functionality of your vehicle with MAXCOVER for Stylish Bar. Experience the perfect combination of style and practicality, making your pickup truck truly unique.

MAXSLIDING TRAY

Experience the convenience of effortless goods sliding in and out of your pick-up bed with our innovative solution. Whether you're going for a family picnic or attending a sporting event, our MAXSLIDING TRAY ensures quick and easy access to the goods stored in your pick-up bed.

- Crafted from lightweight steel rail for optimal performance.
- Impressive loading capacity of up to 300 kg.
- Enjoy smooth and seamless opening and closing functions for hassle-free operation.

GENERATION I (GEN 1)

GENERATION II (GEN 2)

MAXRAIL SYSTEM

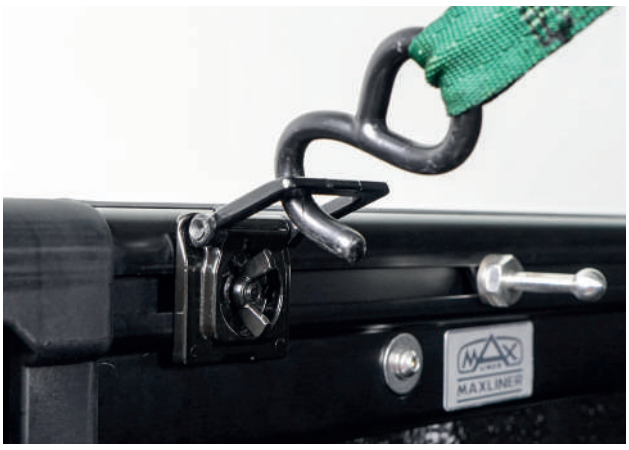

The MAXRAIL SYSTEM has been designed specifically for ease of customization of accessories to match their lifestyle.

- No-drill installation.
- Protects the utility's tub edge from scratches or dents.

ACCESSORIES

- **MAXCOVER ALUMINUM**
- **MAXROLL BAR**
- **MAXCROSS BAR**

MAXCOVER ALUMINUM

Our heavy-duty MAXCOVER ALUMINUM is your truck's ultimate safeguard, offering robust protection with style. Crafted from premium aluminum, it's designed to withstand the toughest conditions while keeping your belongings safe and secure. Comes in 45-degree and 180-degree opening angles for added convenience.

- Available in natural aluminum and sleek black finishes.
- Integrated water-draining system for all-weather durability.
- Lightweight and strong aluminum body.
- Easily lockable with the truck's tailgate.
- Simple installation. No-drill setup.

MAXSTEP V2

The innovative side step features a retractable and fixed version for enhanced convenience and versatility.

- Front and rear passenger steps designed for individual use.
- Conveniently folds up to function as rock rails.
- Retractable design with user-friendly mechanism for effortless operation.
- Made from durable steel for long-lasting performance.
- Features an easy DIY fitment design for simple installation.
- Equipped with three mounting points for secure attachment.

MAXLINER's latest innovation for wild camping enthusiasts and adventure seekers. Our high-grade aluminum MAXRAX series offers durability and elegance in three versions :

Light: Everyday utility up to 150 kg.

Medium: Increased requirements up to 250 kg.

Heavy: Professional-grade hauling up to 300 kg.

Experience convenience and reliability with MAXLINER.

MAXRAX PRO

The MAXRAX PRO is the definitive choice for professionals and adventurers seeking maximum utility without compromising on vehicle aesthetics or handling. Moving beyond conventional, high-profile racks, this system features a specialized Low-Profile Design that sit significantly lower than the vehicle's cab. This engineering choice is crucial: it minimizes wind resistance, keeps the vehicle profile sleek, and ensures that large cargo-like rooftop tents sits close to the roofline.

Constructed from High-Grade Aluminum, the MAXRAX PRO delivers exceptional, reliable durability and supports a professional-grade weight capacity for the heaviest gear. Crucially, the system is engineered with exceptional modularity, allowing the user to seamlessly transition through three functional configurations : the Full Configuration (Ultimate Load Capacity), the Custom Configuration (Flexible Versatility), and the Minimalist Configuration (Ready for Quick Access).
This adaptable design contributes directly to improved driving stability by lowering the overall center of gravity, ensuring confident handling whether you are navigating tough trails or covering highway mileage.

ULTIMATE LOAD CAPACITY

CUSTOM CONFIGURATION :
FLEXIBLE VERSATILITY

MINIMALIST CONFIGURATION :
READY FOR QUICK ACCESS

MAXLINER

ELECTRIC ROLLER SHUTTER

Designed for Ford Ranger pickup trucks, the MAXLINER Electric Roller Shutter is engineered from premium black powder-coated aluminum for maximum durability. Featuring a high-precision automated system, it delivers superior security and versatility for every journey.

- 5-Way Smart Control: Operated via the vehicle's original remote, dedicated remote, cabin switch, product button, or smartphone app.
- Water-Resistant Sealing: Features a comprehensive perimeter rubber seal kit that effectively prevents water ingress into the truck bed.
- Anti-Pinch Sensor: Automatically halts operation upon detecting obstacles to prevent pinching and personal injury.
- Smart LED Interior Light: Built-in 3-level LED light that operates automatically with the shutter or via manual remote/app control.
- Easily Serviceable Panel: A bolt-free, removable aluminum panel allows quick cleaning of debris accumulated inside the canister.
- Hassle-Free Installation: Quick setup with no drilling required on the bodywork (drilling needed only on the bedliner surface).

MAXFENDER FLARES

MAXFENDER FLARES, also known as over-fenders or wheel arch extenders, are designed to elevate your truck's presence on the road while providing numerous benefits. They not only enhance your vehicle's visual appeal with a stylish, rugged design but also offer superior protection against road debris and stone chips, making them an ideal choice for off-road enthusiasts.

The sleek kit effortlessly installs over the existing 4-wheel arches and is available in scratch-free black texture or, in select cases, painted to match your car's body color (subject to availability).

- Kit includes all necessary materials for easy fitting, no drilling required.
- Enhance your truck's side profile with MAXFENDER FLARES, creating a dynamic and sporty look that improves your truck's appearance and functionality.
- Easy maintenance with high-quality materials ensures durability and long-lasting appeal.

MAXSIDE MOLDING

It enhances the appearance of your truck while significantly reducing the risk of door scratches, making it both practical and eye-catching. MAXSIDE MOLDING is easy to install and does not require any drilling.

MAXPRO
maxliner

MAXPRO
maxliner

The ultimate solution for protecting your vehicle's floor. Designed to protect against dirt, wear, and salt corrosion. With their raised lip and molded outer edge, they effectively trap dirt and contain liquid spills. The innovative design prevents anything from reaching the carpet, ensuring it stays clean and free from messy accidents. MAXPRO not only provides superior protection but also enhances the overall appearance of your vehicle's interior. Featuring textured surfaces and a modern design, they combine functionality with style.

MAXLINER UTILITY BOX

CONCORDE XTRA V2

The latest addition to the Concorde Series, the Concorde Xtra-V2. This cutting-edge model combines a sleek appearance with ample storage space for your belongings. Designed to be compatible with vehicles featuring a sport bar, this utility box offers convenience and safety in one package. Featuring a single lid crossover design, the Concorde Xtra-V2 provides easy access to the entire box, allowing you to organize small parts and tools with removable storage compartments. It serves as the ideal extra storage solution, offering both security and functionality.

- Secure your goods with the Safety Lock System, ensuring peace of mind during every journey.
- Enjoy easy opening and closing mechanisms that protect your valuable items.
- No drilling required for installation, providing a hassle-free setup process.
- Constructed with blow mold technology, ensuring durability and strength.

MAXLINER UTILITY BOX

CONCORDE XTRA V

Designed to fit various pickup trucks, including those with a sport bar. Stylish and secure, it offers ample space for your belongings. Easy access with a single lid crossover design and removable compartments for organization. Upgrade your vehicle with Concorde Xtra-V for extra storage and style.
